No. AF 05-090

November 7, 2005

I. INTRODUCTION

This Notice of Proposed Administrative Fine is issued by the Department of Environmental Services, Water Division to Charles Roth, pursuant to RSA 482-B and NH Admin. Rule Env-C 601. The Division is proposing that fines totaling \$5,056 be imposed against Charles Roth for the violations alleged below. This notice contains important procedural information. Please read the entire notice carefully.

II. PARTIES

- 1. The Department of Environmental Services, Water Division ("the Division"), is a duly constituted administrative agency of the State of New Hampshire, having its principal office at 29 Hazen Drive, Concord, New Hampshire.
- 2. Charles Roth is an individual apparently doing business as Roth Artesian Well Company having a mailing address of Route 109, Moultonborough, NH 03254-0033.

III. SUMMARY OF FACTS AND LAW SUPPORTING CLAIMS

- 1. RSA 482-B regulates water well contractors and pump installers and establishes the NH Water Well Board ("Board"). Pursuant to rulemaking authority conferred by RSA 482-B:4, the Board has adopted rules to implement this regulatory program (We 100 to 1000, "Water Well Rules"). Under RSA 482-B:8 and :16, the Department of Environmental Services ("DES") has concurrent authority with the Board to enforce RSA 482-B and the Water Well Rules.
- 2. RSA 482-B:16, II authorizes the Commissioner of DES to impose administrative fines of up to \$2,000 for each offense for violations of RSA 482-B or of any rule adopted or license issued under that statute. Pursuant to rulemaking authority contained therein, the Commissioner has adopted Env-C 616 to establish the schedule of fines for such violations.
- 3. RSA 482-B requires a person to obtain a water well contractor license from the NH Water Well Board ("Board") prior to engaging in the business of constructing a well.
- 4. Charles Roth doing business as Roth Artesian Well Company is a licensed water well contractor in the state of New Hampshire, holding license No. 20.

- 5. RSA 482-B:10 and We 801 require a water well contractor to file a well completion report with the Board within 90 days following completion of the well.
- 6. On August 3, 2005 Charles Roth submitted 62 well completion reports to the Board for wells constructed in 2004 and 2005. Fifty-four of the well completion reports submitted on August 3, 2005 were submitted more than 90 days after the referenced wells were completed.
- 7. Env-C 616.02(e) specifies a fine of \$1.00 per day for each calendar day after 90 days following completion of the well, up to \$100.00 per report, for failing to file a well completion report in accordance with RSA 482-B:10 and We 801.

IV. VIOLATIONS ALLEGED AND PROPOSED ADMINISTRATIVE FINES

- 1. Charles Roth d/b/a Roth Artesian Well Company has violated RSA 482-B:10 and We 801 by failing to submit 54 well completion reports to the Water Well Board, within 90 days of completion, for the wells referenced in the reports submitted on August 3, 2005.
- 2. Of the 54 reports submitted late, 46 of the reports were submitted more than 100 days after the 90 day reporting period following completion of the well. Env-C 616.02(e) specifies a maximum fine of \$100 per report, or \$4,600.00 for these 46 reports.
- 3. Of the 54 reports submitted late, 8 of the reports were submitted less than 100 days after the 90 day reporting period following completion of the well. Env-C 616.02(e) specifies a fine of \$1.00 per day for each calendar day after 90 days following completion of the well. The administrative fine is calculated for each well named in the 8 reports in the following table:

Date of Completion	Date of Submittal	# Days <u>Late</u>	Admin. Fine per Day	Admin. Fine per Report
02-17-05	8-3-05	76	\$1.00	\$76.00

VI. DETERMINATION OF LIABILITY FOR ADMINISTRATIVE FINES

Pursuant to Env-C 601.09, in order for any fine to be imposed after a hearing, the Division must prove, by a preponderance of the evidence, that you committed the violations alleged and that the total amount of fines sought is the appropriate amount under the applicable statute and rules. Proving something by a preponderance of the evidence means that it is **more likely than not** that the thing sought to be proved is true.

If the Division proves that you committed the violations and that the total amount of fines sought is the appropriate amount under the applicable statute and rules, then the fine sought will be imposed, subject to the following:

- * Pursuant to Env-C 601.09(c), the fine will be reduced by 10% for each of the circumstances listed below that you prove, by a preponderance of the evidence, applies in this case:
 - 1. The violation was a one-time or non-continuing violation, and that you did not know about the requirement when the violation occurred, and the violation has not continued or reoccurred as of the time of the hearing, and any environmental harm or threat of harm has been corrected, and that you did not benefit financially, whether directly or indirectly, from the violation.
 - 2. At the time the violation was committed, you were making a good faith effort to comply with the requirement that was violated.
 - 3. You have no history of non-compliance with the statutes or rules implemented by DES or with any permit issued by DES or contract entered into with DES.
 - 4. Other information exists which is favorable to your case which was not known to the Division at the time the fine was proposed.

*****IMPORTANT NOTICE****

An administrative fine hearing is a formal hearing. All hearings will be recorded, and all witnesses will testify under oath or affirmation. At the hearing, the Division will present testimony and evidence to try to prove that you committed the violation(s) alleged above and that the fine(s) should be imposed. The hearing is your opportunity to present testimony and evidence that you did not commit the violation(s) and/or that the fine(s) should not be imposed, or that the fine(s) sought should be reduced. If you have any evidence, such as photographs, business records or other documents, that you believe show you did not commit the violation(s) or that otherwise support your position, you should bring the evidence to the hearing. You may also bring witnesses (other people) to the hearing to testify on your behalf.

Information regarding this proposed fine may be made available to the public via the DES Web page (www.des.nh.gov). If you have any questions about this matter, please contact the DES Legal Unit, at (603) 271-7509.

Administrative Fines of the Department of Environmental Services

The Commissioner of the Department of Environmental Services (DES) is authorized by several statutes to impose administrative fines for certain violations of those statutes. In order to implement this authority, the Commissioner has adopted rules which specify the procedures for notifying people that a fine is being proposed and which specify the fine amount for any given violation. These rules are identified as Chapter Env-C 600.

Administrative fine proceedings follow a defined path. The first step is for a Division of DES to issue a Notice of Proposed Fine. The Notice will inform you of the violations the Division believes you have committed, together with the dollar amount of the fine that is being proposed. At this point, a final decision as to whether to impose the fine has not been made ... the Notice simply initiates the proceeding. The Notice will also inform you that you have a right to have a hearing before a final decision will be made, and may give a date and time for the hearing.

The Notice you receive will have a page attached to it on which you can indicate whether you will attend a hearing or whether you are waiving your right to a hearing and paying the fine which has been proposed. YOU MUST COMPLETE AND RETURN THIS FORM. The worst thing you can do if you receive a Notice is to ignore it! Under the rules which have been adopted, the case can proceed even if you don't respond. In order to achieve the best result, you must participate in the process.

When you receive a Notice of Proposed Fine, if you are interested in trying to settle the case without going to a formal hearing you should contact the person identified in the Notice. Many fine cases are settled in this way, often with a lower fine, a payment schedule, and/or a suspended fine. The negotiations need to start soon after the Notice is received, though. Don't wait until the day scheduled for the hearing to ask about settling the case.

If the case proceeds to a hearing, the Commissioner will designate a person to serve as a hearing officer to preside at the formal hearing. The hearing officer will not have prior knowledge of the Division's allegations, and will be neutral insofar as the outcome of the case is concerned. At the hearing, the Division will be required to prove that the violation(s) occurred and that the proposed fine is warranted. You will have an opportunity to ask questions of (cross-examine) the Division staff, and also present your own evidence, including testimony of witnesses if you wish, to show why the fine should not be imposed.

(over)

After the hearing is over, the hearing officer will compile the record (i.e. all of the information that was received at the hearing) and will make a recommendation to the Commissioner as to whether or not the fine should be imposed. The Commissioner will make a decision based on the evidence and testimony, and the decision issued by the Commissioner will specifically state the reasons for the decision.

The rules adopted by the Commissioner require the proposed fine to be reduced in certain circumstances, which are listed at Env-C 601.09. These include that you have not previously violated a law or rule implemented by DES, or that you acted in good faith. The Commissioner also has the discretion to allow you to pay a fine on a payment schedule, and/or to suspend all or a portion of the fine conditional upon remedying the underlying violation or staying in compliance with DES requirements for a specified period of time.

Sometimes people are concerned that the findings and rulings made by the Commissioner might be used against them in a separate proceeding (for instance, if their neighbor sues them for damages arising out of the same violation(s) for which they are being fined). In such a case, DES has accepted payment of the fine with a specific denial of liability. This is like pleading "no contest" to a traffic ticket: you pay the fine assessed, but are not admitting that you did anything wrong.

This fact sheet is intended as a basic source of information concerning DES administrative fines. It is not intended to replace the laws and rules regarding administrative fines, but merely to provide a summary of them.
